

IN THE FIELD OF SPORTS

BOY BOWLERS TO TRY THEIR SKILL

Masters Frank Kain and Raymond Whitman to Play for Championship.

GAMES PLAYED LAST NIGHT

Southsides Win at Lake Alleys and Crystals at Williams's Alleys.

One of the most interesting match games ever played in this or any other Southern city, is scheduled to take place next Friday night at the lake alleys, where Masters Frank Kain and Raymond Whitman will be pitted against each other. Both of these little bowlers are the same size and age, and are very evenly matched. They will play a very interesting game. Captain James Kain is training his little son hard for this match, while Master Whitman is looking after his little bowler. Both of these little bowlers when seen last night say that they are confident of winning.

Close Championship Game.

The Southside and the West End teams of the Greater Richmond Bowling League played their third game of the season at the lake alleys last night before a very large crowd. Both teams put up a very nice exhibition. The game was called promptly on time, and from the moment the first ball was rolled until the last, it was nothing but excitement for both players and spectators. Captain Kain's strong team of Southsiders, has been giving the other various teams a licking of late, and that was why the West End boys were so particularly anxious for their scalp. The first game was won by the West End boys by only ten pins majority. The second game was also won by the West Ends, and the third was captured by the Southside boys. This match was the closest match ever rolled on the Lake alleys; there were only nine pins difference at the finish. The West End boys won this match. The following are the scores:

HAMILTON TO PLAY IN TEXAS STATE LEAGUE

Signs With Galveston Team at Good Salary and Has Bright Prospects.

Tommy Hamilton, the veteran little third baseman who was given a tryout on the Richmond league team last spring, is now in Delta, O., where he is managing a roller skating rink. He is still filled with the ardor and enthusiasm of youth, and has been playing with Galveston, Texas, in the Texas State League, at a salary of \$10 per month. He has to report on March 6th, and he says he is determined to make good.

Hamilton was a splendid third baseman. He rarely made an error, and could do as pretty fielding as any one on the diamond. When it came, however, to wielding the willow, he was not up to the mark, and Shaffer was forced, reluctantly, to release him. He then went to Portsmouth, where he played with Parley Kain, and later, being also released from the Truckers, went to Lynchburg, where he worked for Jack Grinn. He was unable to finish the season with any of the teams, and after a checkered career in the Virginia State League drifted out to Ohio. He says that he has now learned a great deal more of the art of baseball, and it is sincerely hoped by his friends here that he will "make good" in the Texas League.

AUTO RACES TO COMMENCE TO-DAY

Famous Beach Rolled Hard by the Tide and New Records Made in an Exhibition Spin.

ORMOND, FLA., January 21.—With the famous Ormond-Daytona beach rolled smooth and hard by the tide of last night, conditions to-day were almost ideal for the opening of the fifth international tournament.

Informal trying-out of cars, testing of timing apparatus and the arranging of other details occupied the greater part of the day. During the afternoon, when the receding tide permitted the speed cars to get out, P. G. Curtis, on a single cylinder 2-1/2-horse motor cycle, drove a mile in one minute, five and three-fifths seconds. This is considerably under the old single cylinder record, and shows the condition in which the beach is to-day. Two steam cars were also out, one making a record of 1:10 for a mile, and the other making a record of 1:12 for a mile. The cars were not let out to the limit, however, and no fast time was made.

The first real racing day of the tournament is to-morrow. Racing will be

M'GOVERN BENEFIT.

Philadelphia Sports to Be at Madison Square Garden.

PHILADELPHIA, Pa., January 21.—The Terry McGovern benefit, to be held in Madison Square Garden, New York, on Wednesday, is developing splendidly, and promises to be one of the big events of the metropolis, and many of the most prominent sporting men, referees and boxers of Philadelphia are going over to help the good cause along.

Among those who identified their intention of going are Harry Edwards, Jack McGuigan, Rube Waddell, Johnny Eckhardt, Lew Balto, Bert Cowburn, Walter Schlichter, Mike McCarthy, Ernie, Tommy O'Tool, Tomamy O'Keefe, Jack Hanlon, Kid Chester, Willie Fitzgerald, Jack Egan, Jack McCormick, Joe Hagun, Paty Scanlon, Maurice Sayers, Young Jack Hanlon.

The party, under the direction of John P. Eckhardt, will leave Broad Street Station at 3:45 on Wednesday afternoon.

SPIDERS TO HAVE FINE TRACK TEAM

Work Going on Steadily at Richmond College—Will Race George Washington.

Richmond College track team is out every afternoon practicing vigorously for the indoor meet to be held in the Horse Shoe Building Saturday night, and from indications, they will have one of the best lists of entrants in the meet. A large number of men are in training, and the relay team will be chosen from the following candidates: E. M. Loutham, O. M. Richardson, S. D. Gooch, (captain), E. H. Luck, R. G. Wathmire, M. D. Harrover and G. T. Walte.

There will also be several entrants for the other events. H. C. Miller, one of the best shot-puts, Richardson for the fifty-yard race and fifty-yard intercollegiate races; Gooch and D. Terry for the half-mile; E. M. Loutham for the quarter-mile; C. L. Keeton for the mile; J. H. Grist for the high jump; Mr. G. H. Grist, one of the best entrants, is manager of the track team. In the relay race Richmond College will be pitted against George Washington. This should be one of the best relay races of the night. George Washington ranks among the best in the country in the college of the North, and Richmond College is developing a fast lot of men. Honor would come to Richmond College even in defeat, when one considers the standing of her opponent among her sister institutions.

FINGER MASHED.

Man Got It Caught in Cell Door at Police Station.

William Foster, or Folland, a white man, twenty-one years of age, who was arrested for being drunk and disorderly on his way home from the police station, had his finger caught in the heavy iron door of his cell at the police station last night, and as a result Dr. Mason, of the ambulance corps, had to amputate the member.

Foster was being pushed into a cell and the door was slammed to. In trying to hold to the side of the door the man's finger caught and it was badly mashed.

COLD WAVE GENERAL.

Charitable Organizations Working to Assist Poor.

The cold which struck Richmond yesterday morning is reported generally in the eastern part of the United States, and in most sections is being welcomed by the farmers who had begun to fear that the warm, wet spell would cause the sap to begin running in fruit and other trees.

The clear, frosty weather was also agreeable to most of the business men of the city who had found the murky conditions of the last few days rather depressing.

The charitable organizations were warned in time, and were ready for the squall of cold which came from the poorer quarters with every cold snap.

HOUSE ROBBED.

Burglars Enter Residence of Henrico Man.

Burglars on Saturday night entered the residence of J. H. Harris, who lives on the Williamsburg Road, below Seven Pines. The thieves made a good haul, securing \$163.50 in money, and a handsome gold watch.

The county police have several good clues as to the thief, and are working energetically on the case.

Special Service for Player.

Special pentecostal meetings are going on in the West End Rescue Mission, No. 826 West Cary Street.

Services are held daily at 3 P. M., and at night at 8 o'clock. All are welcome in these meetings.

Make Urgent Appeal.

To-day will be donation day at Spring Street Home, and the ladies having the house of refuge in charge are making an urgent appeal in its behalf. It is hoped that many will respond, and that there will be a large number of contributions.

Deputy Sheriff Frank Johnson, of Washington county, arrived in the city last night with David McCarvery, a small negro, who is to be taken to the reformatory. The boy was carried to the First Police Station and locked up over night.

COPLIN AND HERBERT SIGN AGREEMENT FOR BOUT HERE

Fight Will Be Pulled Off About February 18th at Place Yet to Be Designated—Will Be of Fifteen Rounds.

The long talked of fight between Jack Coplin and George Herbert is now an assured fact, the articles of agreement having been signed last night. The fight is to be for a \$100 purse and a \$25 side bet, the winner to take seventy-five per cent. The fight will be pulled off about February 18th, at a place yet to be designated. The referee is also still to be decided upon, but he will most likely be a popular sporting man, who is well known about town.

Both men affixed their signatures to the paper in the presence of several witnesses, and unless something unforeseen happens, there is no doubt now that the fight will be pulled off. Herbert and Coplin are equally anxious to enter the ring and each other, and they promise a good exhibition. The fight is to be of fifteen rounds, and it should settle definitely who is the better man.

MAY CUT OUT FREE PASSES

Minority Leader in North Carolina Legislature Seeks to Have Brownsville Affair Approved.

RALEIGH, N. C., January 21.—Both branches of the General Assembly to-day adopted a joint resolution for the vote on United States Senator for the term beginning March 4th to be taken January 24.

This is the election in which the Democrats will nominate and elect F. M. Simmons to succeed himself, and the Republican members will nominate and elect their complimentary ballots for Spencer E. Adams, chairman of the State Republican Executive Committee, these nominations having already been made by the caucuses of the respective parties.

The nomination of Mr. Adams will be by Representative Harshaw, of Caldwell county, the minority leader in the House. In the House to-day Mr. Harshaw introduced a joint resolution endorsing the action of President Roosevelt in the dismissal of the Twenty-fifth United States Infantry (colored) troops on account of their connection with the Brownsville affair. The resolution was referred to a committee.

Petitions protesting against the passage of the Douglas bill, regulating the sale of soda fountain drinks, are coming in from throughout the various towns.

Winning and Fayetteville sent out largely signed petitions to-day, and it is understood that others are to follow.

In the House to-day Mr. Keene, of Onslow, introduced a bill to prohibit the corporation commission from riding on free passes, and in the Senate Mr. Red introduced a bill to establish a State reformatory.

COLORED COLLEGE BUILDING BURNS

SALISBURY, N. C., January 21.—The main buildings of Livingston College, one of the leading colored schools in the South, situated here, was burned this afternoon, entailing a loss of about seven thousand dollars.

The building was used as a dormitory, and but little of the furniture was saved. The loss is partially covered by insurance. The origin of the fire is unknown. Carnegie Library, valued at \$15,000, was saved by the firemen.

SPECIAL TRAINS LEFT THIS MORNING.

Formerly there has been much delay and inconvenience in securing quick shipment of their machines by the manufacturers who will be exhibitors at the Western show. Under the superior facilities afforded this year all annoyances were obviated and the special automobile freight trains left for Chicago this morning.

Since that time, the time in America that such elaborate plans have been made for the special transportation of so large an amount of automobile material, and it adds a fitting climax to the other big things that have made the recent Madison Square Garden show historic in the annals of the development of the industry in this country.

The coming Chicago show will also be a big event. With its three hundred or more exhibitors, of whom more than one hundred will show complete cars, it is likely to be the biggest automobile show ever seen in the West. In order to accommodate all who desire to exhibit two buildings have been secured, the Coliseum and the First Regiment Armory, giving in all 500,000 square feet of space.

All the standard American cars will be represented, in addition to a large number of cars chiefly sold in Western markets and which were not shown in New York. The foreign exhibit will also be represented, including the Panhard, Renault, Delaney-Bellefleur, Mercedes-Benz, Isotta-Fraschini, Napier and Clement-Bayard.

Among the automobilists who visited the Garden yesterday morning to superintend the removal of their machines or who remained in the hotel to close up various business details this week the one topic of importance was the unprecedented success of the recent show. Never before have so many American manufacturers disposed of their output of cars for the year as is the case to-day.

Gallaudet College, of Washington, D. C., will play two games in Virginia. On April 12th the deaf-mutes will meet Fredericksburg College at Fredericksburg, and on the following day they will be here for a game with Richmond College. Fredericksburg College will play a return game on April 20th.

LITTLE YELLOW DOG FOUND

MASTER AND POLICE GOT HIM

Gang Suspected of Having Been Operating Through City for Several Weeks Captured Through Instrumentality of Canine.

Just a common little yellow dog played the role of detective yesterday afternoon, and did it so well that it is likely he will get a ticket guaranteeing his immunity from the pound for all time.

Four negroes had been stealing overcoats, or to put it more correctly, two negroes had been doing the stealing, found his master.

But in the arrest of the men the police believe they have a gang that has been stealing from the city for several weeks.

The dog ran up to George Turner, Turner, James Pleasant, Walter Blackburn and James Johnson are confined in the First Police Station now, and it is all because that yellow dog found his master.
